

MISS HARRINGTON OF DETROIT SAYS:

"I Caught a Severe Cold Which Settled in Catarrh. I Began Taking Pe-ru-na And Found it a Faithful Helper. I Heartily Recommend Pe-ru-na."

MISS CELIA HARRINGTON.

MISS CELIA HARRINGTON, 303 Second Avenue, Detroit, Mich., writes: "Weakness has filled many months of my life with suffering. Through carelessness I caught a severe cold two years ago, which settled in catarrh and seriously interfered with the regular functions of the body and made me nervous and irritable. I began taking Peruna and found in it a faithful helper, as it enriched my blood and invigorated the whole system. I have no pains now, and am always well. I heartily recommend Peruna as a reliable medicine."

Health and Strength Restored.

Mrs. A. E. Stouffer, Capitola, Kansas, writes:

"Peruna has given me health and strength; it is the best medicine that was ever made for women. My friends say they never saw such a change in a woman. I talk to every one about Peruna. I cannot say too much for it."

Catarrh in Bad Form.

Mrs. Jennie Darling, More, Maine, writes: "I was unable to do my work as I had to stay in a bad form. I coughed incessantly, and got so weak, and was confined to my bed."

"Peruna came to my relief, and by faithfully using it I am able to do my work."

Persons preferring Peruna in tablet form can now get them.

BUILDING BOOM IN BIG RICHMOND

Many Houses Going Up in Many Sections—Plenty of Work Obtainable.

DAVIS BROTHERS RUSHING

Working Men Shall Have All the Homes They Need in Richmond.

The building activity continues in and about Richmond, and there is no dullness in the labor market so far as labor pertains to home building. All of the contractors report as much work as they can take care of. The men who lend money to home-makers declare that great activity continues in their line.

One agent yesterday told The Times-Dispatch man, confidentially, that he had something like \$50,000 of outside money to lend to home-makers at 5 per cent, interest, and he added that he was not meeting with much trouble in placing it.

Activity Is General.

This building activity is not confined to the city, but goes away out into the suburbs. It is probable that there never was a time when more houses were going up in Barton Heights, in Sherwood Park, in Chestnut Hill and in Highland Park. Ginter Park is also very active, and ground is broken for new homes in that delightful suburb every day.

In the city proper the Messrs. C. W. and J. Lee Davis are the champion builders of homes. They started out to erect a house a week for the year, but they found the demand in excess of that calculation, and so far as they have been led to start to erect seventy-three houses.

During the past week they broke ground for ten houses, eight of which are on Floyd Avenue, at the corner of Rowland Street, and the other two are on Rowland. These ten houses will be completed by early spring and will be for sale or rent. The Davis Brothers have nearly completed fifty-room homes on Park Avenue, and they have broken ground for ten more in the same neighborhood.

A Building Company Formed.

These gentlemen have recently formed the Davis Land Company, Incorporated, and this company has bought three solid blocks of land commencing at the southeast corner of Meadow and Ashland Streets. They expect to erect there within the next two years seventy-five houses, which will be for rent or sale to working people.

There is no cessation in the building boom in Richmond.

Home From Washington.

[Special to The Times-Dispatch.] LYNCHBURG, VA., December 12.—Hon. H. C. Featherston, member of the House of Delegates from Campbell county, who attended the meeting of the National Democratic Waterways Congress at Washington during the session having been named a delegate by Governor Swanson, returned home yesterday afternoon delighted with the reception the members of the congress had given in Washington.

Mr. Featherston was appointed a member of the committee on permanent organization, and was elected a vice-president of the Virginia Harbor and

Navigation Association.
